Professional Summary

Information Technology student at the University of Central Florida who turns ideas into user-centered digital products, from concept to launch. Builds consumer-facing products through frontend development, UI/UX, and product leadership, with an eye for creating experiences people enjoy using.

Education

Bachelor of Science in Information Technology – University of Central Florida, Orlando, FL *May 2027*
UCF EXCEL Program Participant, IT Fundamentals Pro Certification
Honors: Miss Philippines Earth, Fil-Com Tampa; Florida Bright Futures Medallion Scholar

Work Experience

Orange County Sheriff's Office, Orlando, FL
Job Shadow Participant – Recruiting Unit *August 2026*

- Selected for a competitive job shadow program connecting students directly with specialty units across the agency.
- Explored how technology, specialized workflows, and cross-functional coordination support public safety operations across Forensics, Hazardous Devices, K9, and 911 Emergency Communications.

Knights Circle – UCF Housing and Residence Life
Resident Assistant *October 2025 – August 2026*

- Served as a primary point of contact and advocate for a residential population of 1,800–2,000 students, providing support, resources, and conflict resolution.
- Organized educational and social community events with attendance of up to 100+ residents, increasing engagement and participation.
- Supported housing operations by documenting incidents, enforcing community policies, and responding to emergency situations.

Skills and Relevant Coursework

Technical Skills: C, C#, Java, TypeScript, Python, SQL, GitHub, Figma, VS Code, Microsoft Office Suite
Relevant Coursework: Engineering Entrepreneurship, Managing IT Integration, Enterprise Computing, Human-Computer Interaction
Soft Skills: Team Leadership and Collaboration, Creative Thinking, Attention to Detail, Adaptability

Projects

Bloom – Girls Who Code, First Place
Frontend Developer *February 2026 – April 2026*

- Independently designed and built the landing page, avatar customization system, and leaderboard frontend in TypeScript and React based on custom Figma designs.
- Owned both frontend and backend for the avatar/character creator, connecting it to FastAPI and SQLite for persistent user data.
- Collaborated cross-functionally with backend and design teammates on habit tracking and social features, incorporating user feedback to unify the app experience.
- Secured First Place among 20+ competing teams by pairing a live technical demo with an audience-engaged pitch and candid reflection on team strengths and growth areas.

InternTracker – Personal Project
Full-Stack Developer *June 2026 – Present*

- Built and deployed an automated tracking dashboard monitoring 240+ companies for new internship postings, solving the manual, repetitive search process job-seeking students face.
- Engineered a scraping and notification pipeline (Python, Gmail API) refreshing every 30 minutes, paired with a live dashboard to surface new listings ahead of manual searches.
- Independently identified the problem, then scoped and prioritized the product roadmap, shipping end-to-end — from data pipeline to UI — without a team or client brief.

UI/UX Design Project
Project Manager *August 2023 – December 2023*

- Led a cross-functional team of 8 through the full product development lifecycle, gathering and prioritizing client requirements including language toggle and accessibility features.
- Managed stakeholder communication with the client and faculty throughout, delivering the project on time, earning an A, and handing off full domain and site ownership for independent management post-launch.

Leadership Experience

Asian Pacific American Coalition, UCF
Secretary *August 2024 – July 2025*
Public Relations Director *August 2022 – July 2024*

- Increased social media engagement by 36% via targeted campaigns by working alongside creative team.
- Created visually engaging content across Instagram, Facebook, and Linktree, raising awareness of current events and cultural topics while maintaining a professional, responsive presence for APAC.
- Collaborated with affiliated university organizations to plan and execute events, ensuring their success and visibility by drawing in 500+ attendees.

ASA Scholarship Pageant, First Runner Up *January 2024 – 2025*

- Coached fellow contestants and led their fundraiser for Gawad Kalinga, a nonprofit building homes for houseless families in the Philippines, raising $500+.
